

CURRENT SITUATION MAP OF SEASONAL MIGRATORY AGRICULTURAL WORKERS' TENT SETTLEMENT AREAS IN MERSİN PROVINCE

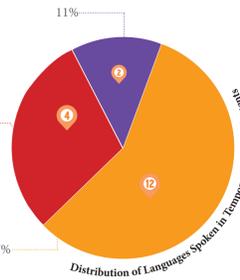

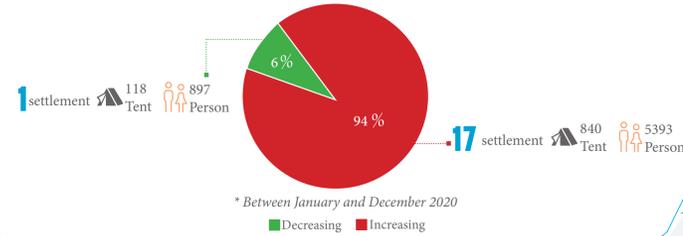

NOTE ON CURRENT SITUATION

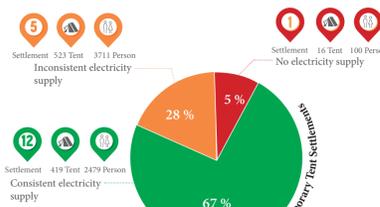

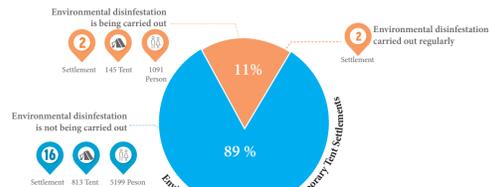

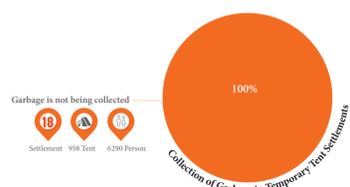

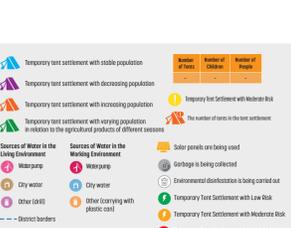

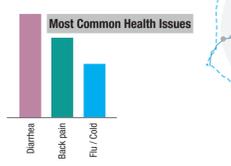

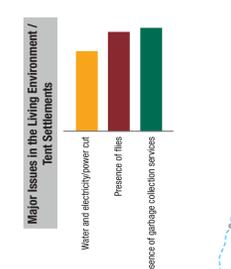

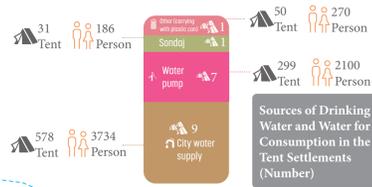

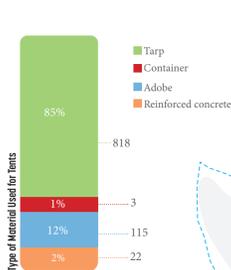

In August and November 2020 Development Workshop field experts visited 18 temporary tent settlements in Mersin where seasonal migratory agricultural workers live. Identification forms were filled out based on the declarations of agriculture labour intermediaries (locally called elci, daybosa, or cova) and the adults living in the settlements. Although there are temporary settlements at 19 different locations in 4 districts of Mersin province, information regarding the location, infrastructure and number of tents in temporary tent settlements at 3 different locations close to each other in the vicinity of neighbourhood of Adanaiz district consisting of 95 tents was obtained through phone interviews done with the agriculture intermediary and local headman. All data were analysed and reflected on the Current Situation Map.

Changes in Population of Temporary Tent Settlements During the Year (Rate, Number)
